A MESSAGE FROM THE PRESIDENT & CEO

"Every milestone you'll see in these pages represents people choosing to serve others with compassion, generosity, and hope."

Serving as President & CEO of Global Care Force has been one of the greatest privileges of my career. Every milestone you'll see in these pages represents people choosing to serve others with compassion, generosity, and hope. Because of dedicated volunteers, faithful partners, generous donors, and committed local leaders, lives are being changed every day in communities facing extraordinary challenges.

As I reflect on the first half of 2026, I'm encouraged not only by the impact we've made, but by the momentum we're building together. We're expanding access to compassionate healthcare, strengthening our organization, and deepening partnerships that will help us serve more people for years to come.

Thank you for believing in this mission and for being an essential part of the story we're writing together.

I hope the pages that follow leave you encouraged by what we've accomplished and inspired by what still lies ahead.

Lauren David Seaman

President & CEO

MOMENTUM IN MOTION

BY THE NUMBERS

UKRAINE

A deliberate investment at the beginning of 2026 positioned Global Care Force for one of the strongest periods of growth in our organization's history.

After taking time at the start of the year to strengthen our foundation, we returned to Ukraine in March with expanded capacity and renewed momentum. Since then, every month has built on the one before.

6

MEDICAL DEPLOYMENTS

Six deployments delivered consistent healthcare across southern Ukraine from March through July.

1,000+

PATIENTS SERVED IN JULY

July became our largest month of healthcare delivery to date, despite security disruptions that prevented our teams from reaching every planned community.

3

CONSECUTIVE RECORD MONTHS

May, June, and July each established a new monthly patient record, reflecting expanded access and growing operational capacity.

2

TEAMS SERVING SIMULTANEOUSLY

A milestone made possible through stronger partnerships, expanded logistics, and incredible volunteer commitment.

10,920+

VOLUNTEER HOURS

Healthcare professionals generously donating their time and expertise to bring compassionate care to those who need it most.

22

RETURNING VOLUNTEERS

A growing community of experienced volunteers strengthening continuity of care and long-term relationships.

Growth isn't measured by numbers alone.

Each milestone reflects stronger partnerships, improved logistics, returning volunteers, and a growing commitment to restoring access to consistent healthcare for vulnerable communities.

HEALTHCARE IN ACTION

A healthcare model built on consistency, partnership, and trust.

GCF
Global Care Force

Restoring access to healthcare requires more than a single visit. Global Care Force partners with local healthcare providers to deliver consistent medical care, essential medicines, and specialized services in communities where conflict, disaster, and other disruptions have limited access to care. By returning month after month, we help restore continuity of care, strengthen local health systems, and build lasting relationships with the communities we serve.

CONTINUITY OF CARE

Unlike one-time medical missions, we return to the same communities, allowing patients to receive ongoing care, medication management, and trusted follow-up.

COMPREHENSIVE HEALTHCARE

Each deployment combines primary care with specialized services—including women's health, ultrasound, pharmacy, and trauma-informed care—based on community needs.

LOCAL PARTNERSHIP

Every clinic is delivered alongside Ukrainian physicians, interpreters, and village leaders, helping ensure care is culturally appropriate and locally coordinated.

ESSENTIAL MEDICINES

Medical consultations are paired with medications that many patients would otherwise be unable to obtain, helping manage chronic illness and prevent avoidable crises.

COMMUNITY TRUST

By returning month after month, relationships deepen, trust grows, and communities come to rely on Global Care Force as a consistent healthcare partner.

Our goal isn't simply to treat illness. It's to help communities regain reliable access to healthcare through consistent care, trusted partnerships, and long-term commitment.

STORIES OF HOPE

Every clinic tells a different story.
Every patient reminds us why we return.

Behind every number in this report is a person—a patient, volunteer, or community member—whose life is forever changed by consistent care, compassion, and the relationships built month after month.

1

HEALTHCARE THAT RETURNS

Mykola is one of many elderly patients who live on a limited pension. The cost of medication often forces impossible choices between food, utilities, and healthcare.

Because our teams return month after month, we can monitor his health, adjust treatment, and ensure he continues receiving the medications he needs.

“ I know you will
come back next
month.
— Mykola

3

LIFE GOES ON

Nina, Galyna, and Iryna have lived through occupation, shelling, and constant drone attacks. They can now recognize the sound of different aircraft overhead before they come into view.

Despite everything they have endured, they continue to welcome our medical teams with resilience, warmth, and gratitude whenever we return.

“ We’ve lost so much in these years,
but your visits give us hope.
— Nina, Galyna & Iryna

2 THE MOMENT IT BECAME REAL

During a previous deployment, trauma care volunteer Leanna spent time counseling a patient who shared feelings of hopelessness and despair. Months later, when our team returned to the same community, that patient recognized Leanna, embraced her, and shared words she will never forget:

“ Before I talked with you and Global Care
Force, I did not want to live anymore.
— Trauma Care Patient

It was a powerful reminder that trauma care, consistency, and genuine connection can truly save lives.

These stories are why we return. They
are the heartbeat of our mission.

Every deployment brings care.
Every return builds hope.

BUILDING A STRONGER ORGANIZATION

Strategic investments, strong partnerships, and operational improvements are expanding our ability to serve communities with consistency—today while preparing for greater impact tomorrow.

STRATEGIC PARTNERSHIPS

Expanding our network of support.

OPERATIONAL EXCELLENCE

Serving more communities, more efficiently.

VOLUNTEER SAFETY & SUPPORT

Investing in those who serve.

VOLUNTEER ENGAGEMENT

Building a stronger volunteer community.

ORGANIZATIONAL CAPACITY

Preparing GCF for long-term growth.

Hope for Ukraine (HFU) Volunteer Scholarship Program

WHO/OCHA Health Cluster coordination

The Petro Poroshenko Foundation support

New Moldova entry route

Additional clinic days

Improved deployment logistics

Expanded field capacity through operational improvements

Drone detection systems added to field vehicles

Enhanced deployment safety measures

Expanded volunteer preparation and support

Returning Volunteer Incentive Program (RVIP)

HFU scholarships expanding volunteer access

Growing number of returning volunteers

Brand refresh

New website

Donor investment materials

Strengthened organizational systems, governance, and financial stewardship

INVESTING IN THE INFRASTRUCTURE THAT SUSTAINS IMPACT

WEBSITE

A refreshed digital presence that tells our story and connects more people to our mission.

MARKETING

Clear, compelling materials that communicate needs, solutions, and ways to make an impact.

BRANDING

A modern look that reflects our model of care, our values, and the people we serve.

COMMUNICATION

Updated presentations and resources that strengthen our message and support our work.

Every improvement made this year—whether operational, organizational, or strategic—was designed with one purpose: **expanding our ability to deliver consistent healthcare to communities that depend on us.**

LOOKING AHEAD

Building on today's momentum to meet tomorrow's needs.

The healthcare needs facing vulnerable communities continue to evolve, and so does Global Care Force. Building on the momentum we've gained so far in 2026, we are strengthening our ability to deliver consistent healthcare, equip volunteers, and expand strategic partnerships that will sustain our mission for years to come.

1. DEEPENING OUR COMMITMENT TO UKRAINE

Continue providing consistent, monthly healthcare in communities affected by war while expanding access to specialized medical services where needs are greatest.

2. GROWING STRATEGIC PARTNERSHIPS

Strengthen relationships with local healthcare providers, NGOs, institutional partners, and supporters who share our commitment to long-term impact.

3. EXPANDING OUR VOLUNTEER COMMUNITY

Recruit and equip physicians, nurses, behavioral health professionals, and non-medical volunteers who are committed to serving and building lasting relationships with communities.

4. INVESTING IN SPECIALIZED CARE

Expand access to trauma-informed care, dental care, vision care, and other specialty programs that address critical care gaps and improve long-term health outcomes.

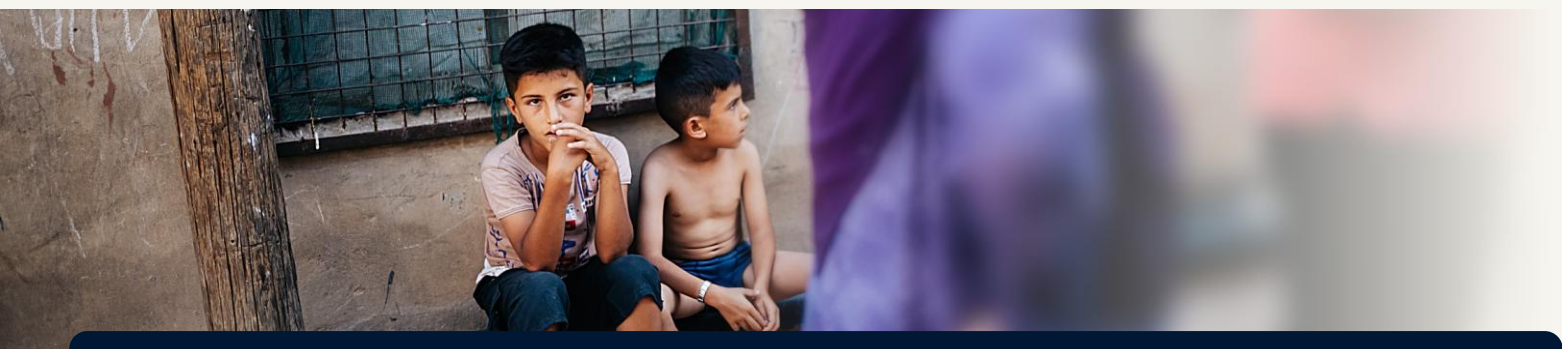

5. STRENGTHENING INNOVATION & CAPACITY

Continue investing in technology, communications, volunteer support, and operational systems that enable greater efficiency and long-term sustainability.

6. EXPLORING NEW OPPORTUNITIES

As capacity allows, we will explore expanding our model of care to the Middle East and thoughtfully evaluate additional opportunities where our approach can make a meaningful difference.

Our commitment remains unchanged: **to bring consistent healthcare, lasting relationships, and hope to communities facing extraordinary challenges—one deployment, one partnership, and one patient at a time.**

THE MOMENTUM CONTINUES

Every act of generosity moves the mission forward.

Inspiring Service. Sustaining Health.

Every volunteer, donor, sponsor, and partner helps restore access to healthcare for communities facing conflict, disaster, and other disruptions. Thank you for helping us **build momentum**—one patient, one partnership, and one deployment at a time.
